2017 Skybot Challenge

April 21-22 and May 19-20, 2017 • Las Vegas, Nevada

Join the SEBIC team for the 2017 Skybot Competition where students from around the world design, build and fly innovative Skybots.

About SEBIC

The Skybot Engineering & Business Innovation Challenge (SEBIC) mission is to promote the enhancement of public knowledge and the inspiration of academic acceleration students at all levels of education through outreach programs that inspire, inform, enlighten and achieve the necessary levels of STEM principals and practical application that help propel the United States to world leadership in robotics and UAS fields.

About ETSI

ETSI is a family owned business that provides custom educational tour planning services for students and teacher-led student groups. Our mission is to offer an enriching and educational travel experience that elevates the students' understanding of the world and provides them with skills to further their education.

* Price is based on quad room occupancy. Camp fees, accommodations, meals and ground transportation during the camp are included. Transportation to and from Las Vegas to attend the camp is not included but can be arranged by ETSI for groups of 10 or more.
